Election Deputy –
Assistant Supervisor
Hamilton County, IN

I am the Election Deputy – Assistant Supervisor for Hamilton County. I had been with the county 28 years in the IT department and decided it was time for a change. Elections office had an opening and my new journey started. I help with most duties in the office and love dealing with the voters and helping them when needed. I take care of Campaign Finance and that can be a challenge getting all of the reports in on time from the candidates. The things I learned from my CEATS program will definitely help me with my duties in the Elections office for the future.
